We celebrate Pride Month

In 2020 the association EfEU created a **collection of games** entitled **"Gender equality addressed in a playful way"** (see http://efeu.or.at/seiten/download/Spielesammlung_EfEU_2020.pdf). On the occasion of **Pride Month 2023**, we are revising two of the games (Millionaire Quiz and Milestones), putting **LGBTIQ*** at the center.

Persons of any gender and any way of living and loving are welcome!
Teachers and educators: Come and try out this game with us!
The games will be available for download at the end of June.

## Wednesday, 28th of June, 4:30-6:30 pm: Millionaire Quiz »Queer Realities«

What happens in the Türkis-Rosa-Lila Villa? Why did the widow of Johanna Dohnal (the former secretary for women's affairs) not receive a widow's pension, even though she had lived in a registered partnership with her? Why does Mavi Phoenix call his album 'Marlon'?
To celebrate Pride Month, the association EfEU is organizing a quiz game focusing on the realities of LGBTIQ* people.
Listening, playing alone or with others ... everything is possible.
Spoiler: unfortunately, there is no million to win. But you'll have fun and gain insights.

**Venue:** Café Villa Vida (Linke Wienzeile 102, 1060 Wien)

Thursday, 29th of June, 5:00-7:00 pm: Workshop »Milestones of LGBTIQ* History«

In which year did the first rainbow parade take place in Vienna? Since when has 'diverse' been an official gender category in Austria? When were two women who kissed in a Viennese café asked to leave? When did the Gay Cops Austria form?
To celebrate Pride Month, the association EfEU makes milestones (but also discrimination) in LGBTIQ* history visible in a playful way.

Venue: Café Villa Vida (Linke Wienzeile 102, 1060 Wien)
